

THE CHINESE UNIVERSITY OF HONG KONG
SCHOOL OF LIFE SCIENCES

**LIFE SCIENCES SEMINAR SERIES
2014 – 2015**

Molecular and Cellular Function Focus Group

Structural insights into co-translational folding
on the ribosome and ribosome-associated
molecular chaperone

by

Dr. Shang-Te Danny Hsu
Assistant Research Fellow
Institute of Biological Chemistry
Academia Sinica
Taiwan

on

8 January 2015
(Thursday)

at

12:30 – 1:15 pm

at

L2, Science Centre
The Chinese University of Hong Kong
