

**THE CHINESE UNIVERSITY OF HONG KONG
FACULTY OF MEDICINE
SCHOOL OF BIOMEDICAL SCIENCES
&
INSTITUTE FOR TISSUE ENGINEERING AND REGENERATIVE MEDICINE**

SBS & iTERM PI Seminar Series 2023-2024

Prof. JIANG Yangzi

Assistant Professor

School of Biomedical Sciences, Faculty of Medicine /
Institute for Tissue Engineering and Regenerative Medicine
The Chinese University of Hong Kong

will present a seminar entitled

“Adult Stem Cells and Early Osteoarthritis”

This seminar will introduce the latest research progress of Prof. Jiang’s laboratory in the topics of how human adult stem cells participate in cartilage tissue regeneration, and the new understanding of early osteoarthritis disease targets.

27 July 2023, Thursday, 4:00 – 5:00 pm

Room G02, Lo Kwee-Seong Integrated Biomedical Sciences Building,
Area 39, The Chinese University of Hong Kong
